

RHZKF 6.8/30

Self-Contained Breathing Apparatus

The RHZKF/30 SCBA is an isolated respiratory protective equipment. It's used for the users to enter oxygen-deficient and toxic working environment, particularly at fire sites. RHZKF/30 series SCBA is CE certificated and offers many additional configurable options, which can meet customers with different needs

Components:

Full-face Mask

Demand Valve

Gas Cylinder

Cylinder Valve

Harness

Reducer

Carrying Box

Product Specification:

Full face mask

- Material
 - Mask body: Silicone
 - Head net: Kevlar
- Visual field: $\geq 90\%$
- Advantage: Permanent double anti-fogging, Scratch and abrasion resistant lens
- Colors for option: Yellow, red, black
- Exhalation resistance: $\leq 10\text{bar}$
- Inhalation resistance: $\leq 5\text{bar}$

Demand Valve

- Maximum air supply rate: More than 500L/min
- 360 degrees quick joint, supplies the air fast and automatically.

Alarm

- Material: Carbon fiber or steel
- Service life: 15 years
- Volume: 6.8L(9L/12L optional)
- Working pressure: 300bar
- Alarm pressure: $(55\pm 5)\text{bar}$
- Operating temperature: $-30^{\circ}\text{C}-60^{\circ}\text{C}$
- Service time: 45-60 mins

Back Plate

- Material: Nomex or Kevlar
- Comfortable, Flexible and light-weight
- Achieve 180 degrees bending

Reducer

- Balanced pressure reducing design
- Adopt medium pressure alarm

Recommended Industries/Use

- Chemical
- Construction
- Fire Protection
- Mining
- Oil and Gas
- Steel and Metals
- Manufacturing
- Utilities

Standards

EN137
